

Program Manager (m/f/d)

SaarGummi is one of the world's leading manufacturers of high-quality sealing systems for the automotive industry. Our customers include almost all well-known automotive manufacturers. With more than 6000 employees, we currently operate in Asia, Europe, North and South America. We attach particular importance to working in partnership with our customers and jointly developing tailored solutions from the initial idea through to implementation in the series production process.

Your mission as a Program Manager

- planning, implementation and monitoring of projects from product development to series launch
- leading project teams with drive, ownership and empathy
- creating project plans, status reports and presentations
- solving problems and challenges independently and pragmatically
- coordination of test and prototype processing
- developing technical proposals
- initiating/supervising installation inspections, tests, etc.
- compliance with work instructions, occupational safety and environmental regulations

What qualifications and skills will you bring to the team

- completed studies in engineering, technician or comparable training with several years of professional experience
- professional experience in project management
- a high level of comprehension and problem-solving skills
- drive and ownership
- excellent communication and presentation skills
- strong organizational skills and the ability to set priorities and meet deadlines
- solid knowledge of project management methods
- willingness to travel
- fluent in written and spoken German & English

Your bonus criteria

- project management experience in the automotive industry
- certification as a Project Management Professional (PMP) according to PMI®

Welcome to the project world of SaarGummi

- we give you the space to develop and grow with us
- a challenging job in a variance of projects awaits you
- in a dynamic and flexible working environment in a family atmosphere
- attractive salary package
